IDENTIFIERS	Library Development; *Library Services and Construction Act; *South Carolina State Library

ABSTRACT

The 1989-1990 Library Services and Construction Act (LSCA) program is presented in this report for the South Carolina State Library. The document includes fiscal information and project descriptions for the following LSCA Title I projects: (1) General Administration; (2) Library Interpretation; (3) General Operations; (4) Strengthening the State Library Agency; (5) Field Services; (6) Career Education; (7) Service to the Disadvantaged; (8) Library Development; (9) Service to Children; (10) Audiovisual Program; (11) Public Library Automation and Technology; (12) Literacy; (13) Services to the Elderly; (14) (Services to the) Blind and Physically Handicapped; and (15) Institutional Library Services. The LSCA Title III Interlibrary Network project is also described. The information provided includes the fiscal breakdown for each LSCA project on federal, state, and local levels, staff and staff responsibilities, the operating budget for all projects (1989 funds), and detailed descriptions for all projects. The descriptions include individual project objectives, needs assessments, service groups, activities to be implemented to meet objectives, information about when and where the project will be administered, the libraries involved, estimated costs and sources of funding, method of administering the project, and method of evaluation to be used. 6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to administer the Library Services and Construction Act in South Carolina efficiently, economically, and effectively in order to fulfill the goals and objectives of the long-range and annual programs.

South Carolina State Library
Fiscal Year 1990
Title I, Project IA.
General Administration

The purpose of this project is to administer the Library Services and Construction Act in South Carolina efficiently, economically, and effectively in order to fulfill the goals and objectives of the long-range and annual programs. As the chief instrument for the planning and implementation of the total LSCA program, the General Administration Project is directed toward the realization of the basic continuing goal of the program which "is to assure that comprehensive library services and resources are provided for the people of South Carolina and that every individual has adequate and timely access to library and information resources."

The project provides for the statewide planning and evaluation of library services and for administrative activities required for compliance with the provisions of the Library Services and Construction Act, Regulations, and EDGAR. Major activities include, but are not limited to:

1. preparation and publication of:
   a. the Basic State Plan
   b. the long-range State Program for Library Development
   c. the annual program
2. evaluating, monitoring, and reporting of LSCA programs
3. activities of the LSCA Advisory Council
4. management of budget and records
5. dissemination of information concerning LSCA programs
6. staff participation in LSCA training programs convened by the Department of Education
7. negotiation of indirect cost rate
8. requirements of Single Audit Act

State funds will cover most staff costs, including salaries of professional and secretarial personnel attributable to the activities of the project. LSCA will be used to cover costs of equipment, supplies, printing, travel, communication, and contractual services attributable to the project. Administrative costs for the implementation of Title II will be charged to this project. Indirect costs claimed by the State are also attributable to General Administration. The State Library created a LSCA Coordinator position at the end of last year. The Coordinator will spend FY 90 learning about the LSCA program. Primary contact with the US Department of Education will remain the Deputy Director of Library Development during FY 90.

The success of the project will be measured by:

1. approval by the State Library Board and LSCA Advisory Council of long-range plan and annual program

2. approval by Governor's Office (Grant Services) and the Joint Appropriations Review Committee of long-range plan and annual program

3. acceptance of the Basic State Plan, State Plan for Library Development, Annual Program, and annual reports by the LSCA Administrative Librarian

4. the extent to which LSCA funds are allocated, obligated, and expended for approved purposes within the established time frame

5. the successful implementation of individual projects set up under the Annual Program

6. the replacement of federal funds with local funds in projects established by LSCA grants

7. the replacement of federal funds with state funds where appropriate

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of the Library Interpretation Project is to disseminate information concerning library service to the government and the public and to promote a climate of public opinion favorable to library development. It attempts to increase public understanding of library programs and awareness of services provided, thus increasing the use of the library by individuals and groups in the community. This project strengthens the State Library in order to meet the library needs of the inadequately served and unserved.

South Carolina State Library
Fiscal Year 1990
Title I, Project IB.
Library Interpretation

I. Objectives

The purpose of the Library Interpretation Project is to disseminate information concerning library service to the government and the public and to promote a climate of public opinion favorable to library development. It attempts to increase public understanding of library programs and awareness of services provided, thus increasing the use of the library by individuals and groups in the community. This project strenghtens the State Library in order to meet the library needs of the inadequately served and unserved.

The project has eight objectives:

1. To encourage greater use of the State Library's facilities and resources by state government personnel.

2. To more fully inform the general public about the existing public and state institutional library services and to encourage greater use of these library services by more and more people.

3. To promote a climate of public opinion and awareness favorable to library development, expansion, and improvement.

4. To reach the non-library user plus specific groups such as visually and physically handicapped, urban and rural disadvantaged, the illiterate, the elderly, and non-English speaking peoples with information about available library service.

5. To support a program of interlibrary cooperation which will assure a more efficient utilization of all library resources in the state, to increase awareness of the necessity of resource sharing, and to promote support for the South Carolina Library Network.

6. To support programs of other state agencies and other groups which will strengthen "the reading and learning experience" and offer the state's citizens continuing education, occupational, and informational opportunities through library resources.

7. To create awareness in and offer guidance toward sound county-level public relations programs for librarians, their staffs, their board members and "Friends" groups.

8. To support and publicize state and federal grant programs and special projects administered by the State Library.

South Carolina State Library
Fiscal Year 1990
Title I, Project IB.
Library Interpretation

II. Relationship To Long-Range Program

The project supports Objective 1 of Goal I of the Long-Range Program:

"To enhance the administrative, planning, and support capabilities required for statewide library development."

III. Activities To Be Used To Meet Objectives and Needs

The State Library contracts with a public relations firm to conduct a vigorous campaign to promote the use of libraries. Funding for this is a combination of Title I (Project IB) and Title III. Publicity will be developed for all major State Library programs, for each LSCA project, and for appropriate public and institutional library activities. Specific activities will include: (1) news releases, (2) feature articles, (3) broadcast announcements, (4) interviews, (5) folders, brochures, and booklists, (6) exhibits, signs, posters, displays, and presentations, and (7) special printed materials. All appropriate media will be utilized, including (1) newspapers, (2) radio, (3) television, (4) professional and corporate house organ publications, (5) national and regional media, and (6) statewide and regional meetings. No statistical projections can be made on the amount of publicity, which will be determined by the number and type of activities funded.

A successful general library awareness campaign in FY 89 will be continued. Elements in this campaign include banners, posters, bookmarks, bumper stickers, rolodex cards, notepads, pencils, radio and TV public service announcements. The theme and logo used for this campaign appears below:

IV. Key Libraries And Other Libraries Involved

The South Carolina State Library and other libraries in South Carolina.

V. Method Of Evaluation

There can be no clear-cut cause/effect relationship between the amount of publicity library services receive and the number of people holding a library card or otherwise using public libraries. What can be measured is the number of releases prepared, number of times media use these releases, number of interviews given, etc. It is not possible to measure the attitude of the public vis-a-vis such publicity. Likewise it is difficult to determine if additional funding is the result of one particular event or the result of a carefully planned year around effort to promote libraries. In an effort to strengthen libraries the State

South Carolina State Library
Fiscal Year 1990
Title I, Project IB.
Library Interpretation

Library will endeavor to promote library services as vigorously as possible. This project will be monitored throughout the year and evaluated by the State Library staff in terms of the extent to which the objectives have been carried out and the degree to which state and LSCA programs have been supported by the project.

The purpose of this project is to provide for the on-going operations of the State Library. This project strengthens the State Library in order to meet the library needs of the inadequately served and the unserved.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIA.
General Operations

I. Objectives

The purpose of this project is to provide for the on-going operations of the State Library. This project strengthens the State Library in order to meet the library needs of the inadequately served and the unserved. Specific objectives are:

A. To administer the state program, with a state budget for matching purposes of some $5,491,298.

B. To provide the personnel, space, and supporting services required to implement the federal program.

C. To fulfill state regulations governing personnel administration, fiscal management including budgeting, accounting, reporting, auditing and procurement.

II. Relationship To Long-Range Program

The General Operations Project supports Goal I:

"To strengthen the State Library Agency for the purpose of providing library leadership and services."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include, but not be limited to:

A. Fiscal operations - budgeting, accounting, reporting, auditing

B. Personnel administration - recruiting, orienting, training, supervising, evaluating

C. Maintenance and operation of buildings and equipment

D. Administration of State and Federal programs

IV. Key Libraries And Other Libraries Involved

South Carolina State Library

V. Method Of Evaluation

The operations of the State Library are monitored continuously by the Director, Deputy Directors, and Business Manager. All LSCA project staff make monthly reports on activities. Regular reviews by department heads, made quarterly or more often if needed, measure progress and evaluate activities. Monthly reports are made to the Library Board by the Director, and the Advisory Council meets quarterly to receive progress reports.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIA.
General Operations

The success of the General Operations Project is directly reflected by the success or failure of the individual programs conducted by the State Library, the cooperation of South Carolina libraries, and public response to library programs.

This activity covers state salaries of staff performing duties under other LSCA projects. Their performance will be evaluated under those projects.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

This project strenghtens the resources of the State Library, supplements and reinforces the resources of libraries throughout the state, and enhances public library access to the South Carolina Library Network by providing a comprehensive collection of materials necessary to meet the Library's responsibilities as the central information resource for libraries of the state as well as State government.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIB.
Strengthening the State Library Agency

I. Objectives

1. To strengthen the resources of the State Library.

2. To supplement and reinforce the resources of libraries throughout the state.

3 To enhance public library access to the South Carolina Library Network.

II. Relationship To Long-Range Program

The Strengthening the State Library Agency Project supports Goal I of the Long-Range Program:

> "To strengthen the State Library Agency for the purpose of providing statewide library leadership and services",

specifically Objective 2:

> "To provide a comprehensive collection of materials necessary to meet the Library's responsibilities as the central information resource for libraries of the state, as well as State government."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include, but not be limited to, the following:

1. Select, acquire, process and catalog 8,000 books, 20,000 state and federal documents, 2,450 periodical subscriptions, 600 reels of microfilm, 16,000 microfiche, plus filmstrips, maps, cassettes, records, and miscellaneous materials.

2. Maintain a collection of 213,000 books, 265,000 documents, 391,000 microfiche, plus periodicals, microfilm, etc.

3. Maintain the database of all State Library holdings and other holdings added to the State Library's database.

4. Provide funds to enhance public library access to the South Carolina Library Network.

IV. Key Libraries And Other Libraries Involved

The South Carolina State Library and other libraries of South Carolina.

V. Method Of Evaluation

The project will be monitored daily by the Director of Technical Services, with monthly progress reports on orders, acquisitions, and expenditures. The success of the project will be measured by the percentage of the budgeted funds that are expended for the purpose allocated within the fiscal year and by the number of items made available to the public as projected in Item III. The value of the project is demonstrated by the use made of the Interlibrary Loan collection (see Title III Program).

Until such time as adequate state funding for materials is available LSCA will be used to develop the State Library's materials collections. The FY 90 state budget provides $257,395 for materials. This is the State Library's first $200,000+ materials budget from regular state appropriations.

The purpose of this project is to expand and improve public library services throughout the State, providing access for every resident, so as to further the educational, vocational, economic, and cultural enrichment of all citizens by providing consultant services for public, institutional, and other libraries of South Carolina.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIA.
Field Services

I. Objectives

The purpose of this project is to extend and improve public library service throughout the state and to implement the State Plan at the local level. Specific objectives of the project are:

A. To improve existing library services in all counties and regions by means of advice and assistance to public librarians and library boards.

B. To encourage public libraries to work toward state and national standards for good library service by adopting efficient practices of organization and administration.

C. To plan and develop improved public library services in areas having inadequate service through special projects such as pilot or demonstration projects.

D. To promote the consolidation of inadequate library systems into larger units of service.

E. To create an understanding of public library service and its objectives by educating trustees, local government officials, and citizens as to what good library service is and to encourage active support and promotion of libraries by trustees, Friends of the Library organizations, and other groups.

F. To provide information concerning the work and objectivies of the South Carolina State Library.

G. To obtain strong public support for South Carolina's program of library service on a local and statewide basis in order to secure increased financial support from local and state sources.

H. To promote implementation of the State Program for Library Development (long-range plan).

II. Relationship To Long-Range Program

The Field Services Project supports Goal II of the Long-Range Program:

> "To expand and improve public library services throughout the state, providing access for every resident, so as to further the educational, vocational, economic, and cultural enrichment of all citizens"; and

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIA.
Field Services

Objective 3 of Goal I:

"To provide consultant services for public, institutional and other libraries of South Carolina."

III. Activities To Be Used To Meet Objectives And Needs

A. Advising and assisting the public library systems of South Carolina in overcoming local problems.

1. Work with professional librarians: Act as liaison between the State Library and librarians; interpret the objectives and programs of the State Library; and maintain good public relations. Field Staff members will visit each library at least four times a year. Total visits will be approximately 250. They will also maintain contact with the Association of Public Library Administrators, attending their meetings and serving as liaison to their committees.

2. Work with inexperienced and untrained librarians: Provide in-service training and close supervision; explain the programs and objectives of the State Library; assist with budget preparation, planning and, if necessary, supervising major tasks, such as weeding, reclassifying, etc.; encourage librarians to publicize services of the library and to devote more effort to public relations. In FY 90 it is anticipated that there will be five new administrators to orient.

3. Work with library boards: Represent the State Library at local board meetings; support budget requests; explain State Aid requirements, special contracts and agreements, State Library projects and legislation; assist in developing plans for improved library services; encourage cooperation with neighboring library systems where appropriate; provide in-service training using Trustee Handbook. General consultants will attend at least one board meeting in each of the 39 library systems during the year as mandated by State Aid Regulations. The Director and Deputy Director for Library Development will also attend board meetings. A project to develop a video on trustee responsibilities will be explored with ETV.

4. Work with the public: Meet with local organizations to provide information concerning public library service and its development through talks, exhibits, and distribution of publicity materials; talk with community leaders and key individuals about library service; interpret state and local library programs to patrons, support the organization and activites of Friends of Libraries groups, serve as liaison to newly formed statewide Friends of Libraries.

B. Planning, monitoring, and evaluating LSCA Title I projects involving grants estimated at $693,414 (using FY 89 c-o also).

C. Assisting in the administration of per capita State Aid totaling $3,290,673 to county and regional libraries ($1.05 per capita with a minimum grant of $1,500 per county).

D. Compiling and publishing public library statistical reports with rankings, comparisons, and other data needed for planning purposes.

E. Administering "mini grants" whereby small items of equipment or material are provided to all public libraries (and sometimes institutional libraries) when it is more economical and efficient to handle orders, distribution, and payment from the State Library or by which libraries may be assisted in initiating new and innovative programming.

F. Assisting public libraries implement the Public Library Association's planning process. The Public Library Association's Planning and Role Setting for Public Libraries: A Manual of Operations and Procedures and the second edition of Output Meassures for Public Libraries were distributed to public libraries. A workshop attended by librarians and trustees was held in FY 89. A pilot project using the Planning Process was conducted in Darlington County. the planning process may be made from this project.

G. Assisting the South Carolina Library Association and other professional organizations by encouraging trustees, librarians, and staff members to join associations and by stressing attendance at meetings and participation in activities of the associations.*

H. Employing an Administrative Specialist to provide clerical support to the Field Services Staff.

I. Providing In-WATS telephone line from public and institutional libraries to use to contact consultant staff. This provides a means for libraries to seek advice on problems before they get out of hand.

J. Providing support services such as travel, printing, supplies, etc.

K. Supporting the "Let's Talk About It" project in South Carolina public libraries.

IV. Key Libraries And Other Libraries Involved

The key libraries involved in the project will be the South Carolina State Library and the 39 county and regional library systems.

*No state or federal funds proposed for this project will be expended for this purpose.

V. Method Of Evaluation

The Field Service Librarians, who will be responsible for implementing this project, will report to the Director of Field Services on all activities in their assigned counties by means of (1) written field reports, (2) monthly reports, (3) staff meetings and (4) annual LSCA project reports -- and by special conferences as needed. On-site observation of projects will be made by Field Service Librarians as they make field trips to their assigned counties during the year and/or by the project director.

To a large extent, the success of the project will be determined by how successful local libraries are in achieving the goals and objectives spelled out in 1981 Standards for South Carolina Public Libraries, revised in 1987. Particular interest will center on activities listed in III above.

To determine what degree of progress has been made toward reaching these Standards, the following areas will be examined closely.

1. Local Library Support
2. Materials
3. Personnel
4. Physical Facilities
5. Organization

The following will be used to demonstrate the overall success or failure of the project:

-- Number of field trips made by Field Staff during the year.

-- Number of library systems served.

-- Number of local library board meetings attended.

-- Number of new administrators provided orientation.

-- Number of LSCA projects supervised and total amount of those federal library projects.

-- Number of LSCA projects continued with local support.

-- Total amount of local library budgets.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIA.
Field Services

-- Total amount of state grants-in-aid administered to county and regional library systems.

-- Number of times the Field Staff represented the State Library at local, state, and national conferences, conventions, workshops, professional associations, building dedications, civic organizations, and other state and local agencies.

-- Number of instances in which the Field Staff provided training, placement, and training services for public libraries.

-- Publication of public library statistical summary.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to improve service through training of public and institutional library personnel at all levels and to provide for better informed public library trustees and institutional administrators.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIB.
Career Education

I. Objectives

1. To improve library service through training of public and institutional library personnel at all levels and to provide for better informed public library trustees.

2. To provide for State Library sponsored workshops to meet specific needs.

3. To support a comprehensive continuing education program for South Carolina library personnel through cooperation with the USC College of Library and Information Science, the South Carolina Library Association, and other professional groups.

4. To encourage graduates of the USC/CLIS to accept employment in South Carolina libraries through meaningful work-study experience in state/public library service.

II. Relationship to Long-Range Program

The Career Education Project supports Objective 4 of Goal I of the Long-Range Program:

> "To centralize at the State level programs and functions which cannot be handled economically or effectively by individual libraries", and

Objective 3 of Goal IV:

> "To provide continuing education opportunities."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include the following:

1. Notification of continuation of scholarships will be published annually in News for South Carolina Libraries.

2. Information on conferences and seminars will be distributed to professional personnel. They may apply for assistance to attend conferences or workshops in areas related to purposes of LSCA which would be of benefit to them and their library systems.

3. Grants will be offered library staff members and trustees for courses, workshops, conferences, and other learning opportunities in areas related to purposes of LSCA. Non-professional personnel may receive grants for workshops, undergraduate academic courses in librarianship, or up to twelve hours of graduate credit in library

science (only 6 hours can be taken after admission to graduate library school) if the courses support job assignments. For professional librarians and trustees, grants may be awarded for any continuing education activity which will contribute to improved job performance.

4. The State Library will cooperate with the USC College of Library and Information Science and professional organizations in planning, implementing, and/or financing continuing education programs of general interest to public and institutional librarians and library trustees.

5. The State Library will work with a committee of the Association of Public Library Administrators to identify long-range continuing education needs of public libraries.

6. Through a contractual agreement with USC/CLIS, one or more graduate library students may be provided work-study experience at the State Library or in a public library in order to introduce the student to library service opportunities in South Carolina.

IV. Key Libraries And Other Libraries Involved

The South Carolina State Library and all public and institutional libraries in the state.

V. Method Of Evaluation

The project will be monitored by the Field Staff. Public libraries which employ individuals receiving grants must meet all requirements for State Aid. All grant recipients will submit a written evaluation report on the information acquired to the State Library, which may request an oral report be given to the Association of Public Library Administrators and/or other appropriate professional groups. The project will also be evaluated on:

(1) The successful allocation, obligation, and expenditure of LSCA funds approved for the project in FY 90.

(2) The successful implementation of the scholarship grant workshop and/or travel grant program.

(3) The subsequent improvement in library service as measured by administrators' assessment of staff performance or by general observation.

(4) The number of people receiving continuing education under this project.

(5) The number of continuing education opportunities made available under this project.

The purpose of this project is to extend and improve library service to the disadvantaged segment of the population not heretofore reached, or previously given very limited service.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIID
Service to the Disadvantaged

I. Objectives

The purpose of this project is to extend and improve library service to the disadvantaged segment of the population not heretofore reached, or previously given very limited service. Specific objectives are:

A. To plan, develop or expand programs of service for the disadvantaged with emphasis upon innovative activities.

B. To promote mutual cooperation between libraries and other state and local agencies serving the disadvantaged.

C. To assist county library systems to develop minimum levels of service and financial support prerequisite for serving the disadvantaged.

D. To provide adequate access to library service for the disadvantaged in rural and other isolated areas by strengthening and expanding library extension programs.

II. Relationship To Long-Range Program

The Service to the Disadvantaged Project supports Objective 3 of Goal II of the Long-Range Program:

> "To extend public library service to special constituencies, including the disadvantaged, the elderly, the illiterate, the unserved, and persons of limited English-speaking ability."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include:

A. Planning, gaining support for, and implementing at least one new project to assist a county library system to develop a minimum level of service and financial support prerequisite for serving the disadvantaged.

B. Planning, gaining support for, and implementing projects in the areas of children's services and services to the rural disadvantaged.

C. Conferences with representatives of other state and local agencies serving the disadvantaged to exchange information and coordinate activities.

D. Collecting and disseminating information from state and national programs and organizations.

E. Developing bookmobile service. Over the past several years twelve library systems received grants to purchase bookmobiles. In FY 90 these and other libraries will work towards upgrading bookmobile service, one of the prime means of delivering library service to South Carolina's disadvantaged population.

IV. Key Libraries And Other Libraries Involved

The following county and regional libraries are eligible to apply for sub-grants from the South Carolina State Library based on poverty level. Priority will be in this order:

1. Counties with over 25% disadvantaged population.

2. Counties with over 15% disadvantaged population.

3. Counties with over 20,000 disadvantaged but under 25% disadvantaged population.

	Total Population	Population with Income Below Poverty Level	
Aiken-Bamberg-Barnwell-Edgefield	161,139	26,646	17%
Allendale-Hampton-Jasper	43,363	12,656	29%

Richland	269,572	36,121	13%
Spartanburg	203,023	27,071	13%
Sumter	88,243	20,029	23%
Williamsburg	38,226	10,663	28%
Total	2,203,057	390,893	

NOTE: Where counties do not meet the above criteria, grants will be considered to serve the disadvantaged in specific communities which meet the criteria listed in #1 above.

V. Method Of Evaluation

Field Staff will monitor this project by making frequent field visits, consulting with local library administrators and staff engaged directly in working with the disadvantaged, and making periodic evaluations of project programs. Local libraries will submit annual reports on expenditures and self-evaluations.

The project will be evaluated by the State Library Staff in terms of the following criteria:

1. The individual objectives established by each library.
2. The number of disadvantaged reached.
3. The percentage of the target group reached.
4. The methods used by libraries to make their services accessible to the disadvantaged.
5. The method for publicizing programs and services for the disadvantaged. All publicity must cite LSCA funding administered by the South Carolina State Library as a source of funding.
6. The suitability of materials selected for the program.
7. The staff involvement in the program; including general knowledge of the program, attitude toward the program and special training and preparation.
8. The involvement of groups and agencies within the community already working with the disadvantaged.
9. Comparison of project with similar projects in other states.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to strengthen and improve the state's total public library program by enabling individual library systems to improve or extend services in areas of demonstrated need.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIE.
Library Development

I. Objectives

The purpose of the Library Development Project is to strengthen and improve the state's total public library program by enabling individual library systems to improve or extend services in areas of demonstrated need. Specific objectives are:

A. To insure a good level of service throughout the entire service area through the improvement of headquarters, branches, and bookmobile service.

B. To provide staff adequate in numbers and training to meet the varied and changing demands of service.

C. To provide library collections (in number, quality, and diversity) to meet the information needs of the library public.

1. To strengthen basic book collections.

2. To assist libraries in building essential non-print media collections.

3. To strengthen print and microfilm collections of periodicals.

D. To provide the library equipment (such as copiers, microfilm readers, AV, etc.) necessary for good library service.

E. To extend library services of all kinds to groups and individuals presently unreached or inadequately served (disadvantaged, elderly, handicapped, illiterate, limited English-speaking, rural, etc.). This may be undertaken separately or in conjunction with Title I, Projects IIID, III-I, or IIIJ.

F. To enable library systems to investigate the possibilities of automation and when ready to meet the initial costs of implementing automated acquisitions, cataloging, or circulation services. This may be undertaken separately or in conjunction with Title I, Project IIIH or Title III, whichever is more appropriate.

G. To enable library systems to engage in long-range planning activities, such as needs assessments, identifying resources required and evaluating activities and programs. ALA's Planning Process is a possible vehicle for such planning. This may be undertaken separately or in conjunction with Title I, Project IIIA.

II. Relationship To Long-Range Program

The Library Development Project supports Goal II of the Long-Range Program:

> "To expand and improve public library services throughout the state, providing access for every resident, so as to further the educational, vocational, economic, and cultural enrichment of all citizens."

III. Activities To Be Used To Meet Objectives and Needs

Activities will involve the planning, funding, and monitoring of the projects of the 33 participating libraries. Subgrants of thirteen cents per capita, as shown in Part IV, will be made on the basis of population served -- provided that no grant shall exceed $30,000 nor be less than $3,500.

Local projects will include but not be limited to the following activities:

A. Strengthening existing library programs such as adult services, services to children, reference service, bookmobile and branch library services.

   1. By adding trained personnel.

   2. By adding resources to support these programs.

B. Extending service to new groups (elderly, illiterate, disadvantaged, handicapped, rural, or other unreached segments of the population) by a variety of outreach methods.

   1. Bookmobile programs.

   2. Deposit collections in agencies, organizations, institutions used by these groups.

   3. Innovative and/or experimental programs for the incarcerated, those in nursing homes, adult education groups, day care centers, those in business and industry, etc. Institutions receiving such service are locally suppported.

C. Expanding, improving, or maintaining the resources of libraries.

   1. By purchase of new books or rebinding of worn ones.

2. By purchase of AV materials and other essential non-print media collections.

3. By contracting for on-line database services.

4. By purchase or lease of library equipment.

5. By encouraging the development of information and referral programs.

D. Implementing programs of publicity to keep the public informed about the acquisition of materials and equipment, the employment of additional personnel, and the extension of services made possible by the project. All publicity must cite LSCA administered by the South Carolina State Library as a source of funding.

E. Meetings and conferences with library boards, administrators, and staff to explain needs, plan programs, and monitor activities of the project.

F. Planning and/or implementing automation activities.

G. Applications for subgrants are reviewed for compliance with LSCA, the regulations, and EDGAR by the State Library Staff.

IV. Key Libraries And Other Libraries Involved

In order to qualify for a Project IIIE grant a public library must first qualify for State Aid by meeting state regulations, employ a professionally trained librarian and, meet minimum per capita local support for participation in this LSCA grant program. Per capita support for FY 90 must be $4.25 or greater. Libraries not qualifying will be targeted for Service to the Disadvantaged grants.

The South Carolina State Library will make sub-grants to the following county and regional libraries:

Participating Library	Sub-Grant No.	Population	Amount of Grant @ Thirteen Cents Per Capita
Abbeville-Greenwood (only Greenwood qualifies)	1	57,847	$ 7,520.11
Aiken-Bamberg-Barnwell-Edgefield	2	161,139	20,948.07
Allendale-Hampton-Jasper (only Allendale & Jasper qualify)	3	25,204	3,500.00

GRAND TOTAL		2,888,129	$357,915.98

*Counties with per capita amounts above maximum $30,000 or below minimum of $3,500.

V. Method Of Evaluation

Proposals for grants-in-aid under this project will be evaluated and approved on the basis of the following criteria: legality, goal-relationship, feasibility, population served, replicability, local management capacity, and need. Local projects will be monitored very closely by the State Library Field Staff via frequent field trips, consultations with local librarians, and periodic evaluations of the project programs. Grant

recipients themselves will help evaluate the program in which they participate by submitting regular reports on expenditures and annual self-evaluations.

The success of the Library Development Project is directly reflected by how successful the local libraries are in implementing their individual projects and in reaching the objectives stated in each county's project proposal. The State Library Field Staff will evaluate each of the local projects in terms of the following:

1. The individual objectives established by each library.

2. The percentage of the target group reached.

3. The number of disadvantaged reached.

4. The method(s) of publicizing the project.

5. The number of services continued with local funds once LSCA funds are not available.

Statewide, the success or failure of the project will be determined by progress made toward achieving the minimum goals and objectives for library services set forth in the South Carolina Program for Library Development and in Standards for South Carolina Public Libraries. To determine the degree of progress made toward reaching the goals spelled out in these standards, the following areas will be examined and statistics given to support progress made in any of the areas.

1. Public Library Resources.

2. Library Personnel.

3. Public Services Program.

4. Public Library Support.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

Since children are inadequately served, the purpose of this project is to improve the quality, extent, and scope of library service to children throughout the state.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIF.
Service to Children

I. Objectives

The purpose of this project is to improve the quality, extent, and scope of library service to children throughout the state. Specific objectives of the project are:

A. To provide guidance and assistance to public libraries in the development and provision of library service to children.

B. To promote cooperation* among all types of libraries serving children and to coordinate activities with other agencies concerned with the child's welfare.

C. To develop in library staff, governing bodies, and the community an understanding of the scope of public library service to children and an appreciation of its potential role in the education and social development of children.

II. Relationship To Long-Range Program

The Service to Children Project supports Objectives 3 and 4 of Goal I:

"To provide consultant services for public, institutional,** and other libraries of South Carolina" and

"To centralize at the state level programs and functions which cannot be handled economically or effectively by individual libraries."

III. Activities To Be Used To Meet Objectives And Needs

The project enables the State Library to support the work of the Field Service Librarian for Children's Services who will:

A. Work with library administrators and children's librarians in planning, developing, and upgrading children's services. The Children's Consultant will visit each of the 39 library systems at least once per year. Attention will be focused on orienting new staff, and on evaluating and improving collections of materials for children, on planning for outreach to unserved children and for meeting informational and recreational needs of children and those who work with them. An advisory committee of children's librarians and directors

*This is an awareness program, not a Title III activity.
**Time spent with institutions is minimal.

will meet at least 3 times a year to advise on priorities and programs. A committee will be formed to develop guidelines for youth services in South Carolina.

B. Develop continuing education programs for children's services personnel. A two-day workshop will be held in Spring 1990. The focus will be on communication, assertiveness, and time management.

C. Coordinate a statewide summer reading program in FY 89.

D. Assist the Field Service Librarian for Adult Services with the selection and programming of children's films.

E. Participate in the activities and programs of professional library and related organizations. Through this activity the Children's Consultant is able to establish liaison with state and local agencies serving children and to encourage communication and cooperation between school, public, and other libraries serving children.

F. Assist in monitoring and evaluation of all LSCA projects involving service to children and in planning and administering children's services projects.

G. Coordinate and promote use of the Early Childhood Media Clearinghouse which maintains a listing of media held by state agencies on early childhood which are available on loan to individuals and groups. This is a state priority.

H. Coordinate South Carolina's observance of National Young Reader's Day on November 15, 1989.

I. Collaborate with the Richland County Public Library and the University of South Carolina, College of Library and Information Science to plan and carry out the third annual storytelling event, "A Baker's Dozen." Based upon the traditional storytelling philosophy of Augusta Baker, USC's Storyteller in Residence, the event will feature nationally known storytellers, a lecture by a well-known children's author, a storytelling workshop, and story times for children and families.

J. Develop and seek funding for producing a kit to emphasize the importance of reading in the growth and development of young children; the kit will be distributed to new parents through hospitals, clinics, and pediatricians.

K. Coordinate and seek funding for programs for children in local libraries featuring a theater or puppet theater group, authors, storytellers or similar literature related activities. These may be in conjunction with with statewide summer reading program or at a time such as Children's Book Week.

IV. Key Libraries And Other Libraries Involved

The key libraries involved in the project will be the South Carolina State Library and all county and regional public library systems as well as libraries of state institutions serving children and young people. Promotional events may also include school libraries.

V. Method Of Evaluation

The Field Service Librarian for Children's Services will report to the Director of Field Services by means of (1) written field reports, (2) monthly reports, and (3) annual LSCA project reports -- and by conferences as needed.

To a large extent, the success of the project will be determined by how successful local libraries are in meeting their goals and objectives for children's services.

To determine what degree of progress has been made toward reaching these Standards, the following aspects of children's services in local libraries will be examined closely:

1. Administration
2. Personnel
3. Services and Programs
4. Materials
5. Physical Facilities

The following will be used to evaluate this project:

-- Number of field trips made during the year

-- Number of library systems served

-- Number of projects and activities initiated

-- Number of workshops and training programs planned and carried out

-- Number of library staff members attending workshops and training programs

-- Use of materials in Early Childhood Media Collection

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIF.
Service to Children

-- Number of times the Field Service Librarian for Children's Services represented the State Library at local, state, and national conferences, workshops, professional associations, civic organizations, or other state and local agencies

-- Number of libraries and children participating in the statewide summer reading club

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to provide an additional source of information for library users by building a collection of audiovisual materials of cultural and entertainment value for both adults and children which supplements the resources of public and state institutional libraries throughout the state, thereby enabling them to meet the informational needs of their patrons.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIG.
Audiovisual Program

I. Objectives

1. To provide an additional source of information for library users by building a collection of audiovisual materials of cultural and entertainment value for both adults and children.

2. To supplement and to reinforce the resources of public, state institutional, academic, and special libraries throughout the state, thereby enabling them to meet the informational needs of their patrons.

3. To aid public, state institutional, academic, and special libraries in the utilization of this collection.

II. Relationship To Long-Range Program

The Audiovisual Program Project supports Objective 4 of Goal I of the Long-Range Program:

> "To centralize at the state level programs and functions which cannot be handled economically or effectively by individual libraries."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include, but not be limited to, the following:

1. Preview films, video tapes, and other audiovisual materials deemed appropriate and add at least 100 titles to the collection, 50 of which will be children's titles, or duplicates of heavily-used children's titles.

2. Maintain a collection of 3,107 items, including housing, booking, shipping, cleaning, and inspecting them. Outdated, faded, and badly scratched 16mm films will be withdrawn.

3. Publish a quarterly AV newsletter, which will list new acquisitions, promote specific titles, and discuss programming ideas. Expand mailing list of AV newsletter to include academic and special libraries.

4. The State Library will sponsor training opportunities as needed for libraries participating in the Audiovisual Program.

5. The Field Service Librarian for Adult Services will make at least 25 field trips throughout the state to help librarians plan programs utilizing State Library films, and to assist in the expanded film service to groups and organizations.

6. Sponsor four one-day film workshops for public and institutional libraries.

7. Continue to process, house, maintain, and circulate audiovisual materials for (a) SCETV (programs on child care) and (b) materials which support the work of the South Carolina Literacy Association.

IV. Key Libraries And Other Libraries Involved

The South Carolina State Library, public, state institutional, academic, and special libraries of South Carolina.

V. Method Of Evaluation

This program will be monitored continuously by the Director of Field Services and the Field Service Librarian for Adult Services. Field visits throughout the state will be made by the Field Service Librarian for Adult Services and the Field Service Librarian for Children's Services to aid individual public and state institutional libraries to plan use of the collection. Reports will be submitted by libraries participating in the program and will include statistics vital to the evaluation of the Audiovisual Program. The success of the Audiovisual Program will be reflected by the cooperation of South Carolina libraries participating in the program together with public response to their participation.

The project will be evaluated in terms of:

(1) The number of libraries and organizations participating in the audiovisual program.

(2) The number of materials acquired and circulated.

(3) The number of library patrons reached.

(4) The critical evaluation of materials in the collection by librarians and patrons.

(5) The number of field trips made by the Field Service Librarian for Adult Services.

(6) The number of people attending continuing education activities.

(7) The number of newsletters published.

The purpose of this project is to allow public libraries to take advantage of the benefits of technological developments to better serve their patrons.

South Carolina State Library
Fiscal Year 1990
Title I, Project IIIH.
Public Library Automation
and Technology

I. Objectives

The purpose of the Public Library Automation and Technology Project is to allow public libraries to take advantage of the benefits of technological developments to better serve their patrons. Specific objectives are:

A. To determine the feasibility of library automation projects.

B. To test and evaluate hardware, software, and services provided by automation vendors and utilities to determine the systems best suited for libraries of various sizes.

C. To encourage adherence to standards in database development and communication protocols necessary to ensure compatibility with state and national planning and to make possible on-line communication among libraries.

D. To encourage county support for technological enhancements of library services by providing incentive grants for feasibility studies, consultants, or start-up costs.

E. To enhance public library access to South Carolina Library Network.

II. Relationship To Long-Range Program

The Public Library Automation and Technology Project supports Objective 2 of Goal II of the Long-Range Program:

> "To provide incentive grants to public libraries for services and activities which support state and LSCA priorities, including personnel, collection development, and equipment."

III. Activities To Be Used To Meet Objectives And Needs

Activities will involve planning, funding, monitoring, and evaluating the projects of the participating libraries. Grants will be made based on proposals received, but generally will fall in the $5,000 - $10,000 category.

Local projects will include but not be limited to the following activities:

A. Feasibility studies

B. Consultant fees

C. Information and Referral Services

D. Incentive grants for implementing projects to automate library activities such as circulation control, acquisitions, cataloging, serials control, newspaper indexing, business functions, etc. Funds will be available for feasibility studies, consultant fees, and/or actual implementation of automated activities.

E. Funds will also be available to pay prorated charges for public libraries to access the South Carolina Library Network.

IV. Key Libraries And Other Libraries Involved

In order to qualify for a Project IIIH grant a public library must first qualify for State Aid by meeting state regulations, employ a professionally trained librarian, and meet minimum per capita local support for participation in this LSCA grant program ($4.25 per capita).

The South Carolina State Library will make grants to qualifying libraries.

V. Method Of Evaluation

Proposals for grants-in-aid under this project will be evaluated and approved on the basis of the following criteria: relationship to project goals, feasibility, appropriateness of activity to level of library development, local management capability, need, and evidence of continued local support. Local projects will be monitored very closely by the State Library Field Staff via frequent field trips, consultations with local librarians, and periodic evaluations of the project programs. Grant recipients themselves will help evaluate the programs in which they participate by submitting regular reports on expenditures and annual self-evaluations.

Results of all studies and evaluations will be made available to other libraries considering similar activities. Libraries receiving grants will agree to allow representatives of other libraries to observe and study projects on site.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to extend and improve library service to the illiterate segment of the population not heretofore reached, or previoulsy given very limited service.

South Carolina State Library
Fiscal Year 1990
Title I, Project III-I.
Literacy

I. Objectives

The purpose of this project is to develop, extend and improve library service to the illiterate and functionally illiterate segments of the population not heretofore reached, or previously given very limited service. Specific objectives are:

A. To plan, develop, implement, and evaluate library literacy programs to combat the problem of illiteracy.

B. To promote mutual cooperation between libraries and other state and local agencies serving the illiterate and functionally illiterate.

II. Relationship To Long-Range Program

The Literacy Project supports Objective 3 of Goal II of the Long-Range Program:

> "To extend public library service to special constituencies, including the disadvantaged, the elderly, the illiterate, the unserved, and persons of limited English-speaking ability."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include:

A. Planning, funding, and monitoring on-going library services to the illiterate.

B. Planning, gaining support for, and implementing at least ten new literacy projects in libraries. Activities may include:

1. For literacy students

   a. Provision of self-help materials
   b. Provision of adult new reader materials
   c. Provision of reading guidance
   d. Library programming geared to "adult new readers"
   e. Promotion of regular use of the library

2. For literacy tutors

   a. Provision of sample materials-demonstration collection
   b. Provision for adult new reader collection
   c. Provision of space
   d. Promotion of regular library use
   e. Library tours

f. Provision of reading guidance through newsletters, booklists, etc.
g. Cooperation with local literacy councils and school districts

C. Conducting or attending meetings and conferences with library boards, administrators, and staff to explain needs, plan programs, and monitor libraries activities in service to the illiterate and functionally illiterate.

D. Maintaining communication with the Governor's Initiative for Workforce Excellence and other interagency groups working with literacy.

E. Maintaining close working relationship with the South Carolina Literacy Association, Assault on Illiteracy Program (AOIP) and other private, non-profit initiatives.

F. Conducting or attending conferences with representatives of other state and local agencies serving the illiterate and functionally illiterate to exchange information and coordinate activities.

G. Updating the 1989 Publication, Bibliography of Literacy Resources.

H. Administering LSCA Title VI grant and/or assisting local libraries with their grants.

NOTE: Projects will be considered which provide public library services to the illiterate or functionally illiterate, or where the public library is an integral part of a cooperative community-based program. Funds will not be available for on-going expenses or operating an existing program.

V. Method Of Evaluation

Field Staff will monitor this project by making frequent field visits, consulting with local library administrators and with staff engaged directly in working with the illiterate and functionally illiterate, and making periodic evaluations of project programs. Local libraries will submit annual reports on expenditures and self-evaluations.

South Carolina State Library
Fiscal Year 1990
Title I, Project III-I.
Literacy

The project will be evaluated by the State Library Field Staff in terms of the following criteria:

1. The individual objectives established by each library.

2. The number of illiterate and functionally illiterate reached.

3. The percentage of the target group reached.

4. The methods used by libraries to make their services accessible to the illiterate and functionally illiterate.

5. The method for publicizing programs and services for the illiterate. All publicity must cite LSCA administered by the South Carolina State Library as a source of funding.

6. The suitability of materials selected for the program.

7. The staff involvement in the program; including general knowledge of the program, attitude toward the program and special training and preparation.

8. The involvement of groups and agencies within the community already working with the illiterate and functionally illiterate.

9. Comparison of project with similar projects in other states.

10. Successful implementation of Title VI grant.

The purpose of this project is to extend and improve library service to the elderly not heretofore reached, or previously given very limited service.

South Carolina State Library
Fiscal Year 1989
Title I, Project IIIJ.
Service to the Elderly

I. Objectives

The purpose of this project is to extend and improve library service to the elderly not heretofore reached, or previously given very limited service. Specific objectives are:

A. To plan, develop, maintain, or expand programs of service for the elderly including innovative outreach services.

B. To promote mutual cooperation between libraries and other state and local agencies serving the elderly.

C. To provide adequate access to library service for the elderly in rural or other isolated areas by strengthening and expanding library extension.

D. To assist county library systems develop minimum levels of service for the elderly in their service area.

II. Relationship To Long-Range Program

The Service to the Elderly Project supports Objective 3 of Goal II of the Long-Range Program:

> "To extend public library service to special constituencies, including the disadvantaged, the elderly, the illiterate, the unserved, and persons of limited English-speaking ability."

III. Activities To Be Used To Meet Objectives And Needs

Activities will include:

A. Developing a viable program of library services for the elderly which may include outreach activities using traditional and/or innovative techniques supported by a well planned publicity program.

B. Collecting and disseminating materials related to older citizens. These materials could include, but not be limited to, such topics as planning for change of life style or employment, planning for health care and other services, readings on issues raised by the rapid aging of our society, etc.

C. Organizing information on local, state, and federal agencies for use by the elderly and those who work with them.

D. Providing ready access to an information and referral service which would include current information on human services agencies serving

older citizens. Also providing information and a referral service for speakers, reviewers, and other resource people available for programming for older citizens.

E. Conferences with representatives of other state and local agencies serving the elderly to exchange information and coordinate activities.

IV. Key Libraries And Other Libraries Involved

In order to qualify for a Service to the Elderly Project grant, a public library must first qualify for State Aid by meeting state regulations, employ a professionally trained librarian and meet minimum per capita local support for participation in this LSCA grant program. Per capita local support for FY 90 must be $4.25 or greater. The South Carolina State Library will make sub-grants to these libraries on a competitive basis.

V. Method Of Evaluation

Field Staff will monitor this project by making frequent field visits, consulting with local library administrators and staff engaged in working with the elderly, and making periodic evaluations of project programs. Local libraries will submit annual reports on expenditures and self-evaluations.

The project will be evaluated by the State Library Field Staff in terms of the following criteria:

1. The individual objectives established by each library.

2. The number of elderly reached.

3. The percentage of the target group reached.

4. The methods used by libraries to make their services accessible to the elderly.

5. The method for publicizing programs and services for the elderly. All publicity must cite LSCA administered by the South Carolina State Library as a source of funding.

6. The suitability of materials selected for the program.

7. The staff involvement in the program; including general knowledge of the program, attitude toward the program and special training and preparation.

8. The involvement of groups and agencies within the community already working with the elderly.

9. Comparison of project with similar projects in other states.

This project provides special programs of library service for visually and physically handicapped individuals.

South Carolina State Library
Fiscal Year 1990
Title I, Project IV.
Blind and Physically Handicapped

I. Objectives

The objectives of the Service to the Blind and Physically Handicapped Project are:

1. To provide a full range of reading materials -- talking books, cassette books, large print, and Braille -- for print-handicapped readers in South Carolina.

2. To encourage greater use of services for the handicapped by a continuing program of publicity, promotion, and education.

3. To make library service accessible to handicapped individuals at the local level wherever possible.

   a. To develop browsing collections of talking books and cassette books in major metropolitan libraries.

   b. To provide collections of large-print books for visually handicapped readers in institutions such as nursing homes.

   c. To encourage participation by handicapped readers in established library programs at the local level such as summer reading program.

4. To coordinate library services for the handicapped with programs of other agencies and organizations serving the handicapped.

5. Specific objectives for FY 90 are:

   a. To register 1,000 new readers.

   b. To continue to develop collections to meet needs of readership.

   c. To increase telephone contact between reader advisors and patrons by staff initiated calls and use of In-WATS service.

   d. To provide one day service on circulation of materials.

   e. To maintain inventory control over and provide maintenance for Library of Congress audio equipment.

   f. To continue to develop a volunteer program.

g. To maintain Advisory Council for handicapped services.

h. To conduct workshop for public and state institutional libraries on services available from DBPH, as well as other groups.

i. To promote service using State Library produced applications and posters, NLS produced materials, and exhibiting and speaking at appropriate forums.

II. Relationship To Long-Range Program

The Blind and Physically Handicapped Project supports Objective 2 of Goal III:

"To provide special programs of library service for visually and physically handicapped individuals."

III. Activities To Be Used To Meet Objectives And Needs

1. The South Carolina State Library, Department for the Blind and Physically Handicapped has been designated a regional library for the blind and physically handicapped by the Library of Congress. As such, the library will:

a. Acquire, process, and make available 4,100 new talking books, 11,000 new cassette books, and 500 large print books.

b. Maintain collection of 56,000 talking books, 114,000 cassette books, 8,500 large print books, and 57 periodical subscriptions.

c. Issue and maintain inventory control according to NLS guidelines of equipment necessary to play recorded books.

d. Circulate 250,000 books and periodicals to 7,700 readers.

e. Develop volunteer program to include the recording of materials of local interest.

f. Provide catalogs and special bibliographies of materials available so readers can select books to read.

g. Provide advisory service for readers who are unable to select for themselves or who would rather have the library select for them.

h. Provide assistance to print handicapped students in the location of textbooks in special media.

1. Contract with North Carolina State Library for braille service.

2. Provide browsing collections of talking books in libraries of Anderson, Charleston, Florence, Greenville, and Spartanburg Counties.

3. To reach potential readers, a public relations campaign is conducted year round, consisting of radio and TV public service spots and talk show appearances, newspaper articles, communication with public libraries, communication with health groups, and communication with groups interested in the handicapped.

4. To maintain communications between the library and the reader, 24 hour In-WATS telephone service, a quarterly large print and tape newsletter, and individual correspondence are used.

5. The State Library will continue to sponsor workshops for public and state institutional libraries in library services to the handicapped in FY 90, as well as presentations to other groups interested in serving the handicapped.

6. The State Library's Advisory Council composed of users of this service and service providers will continue.

IV. Key Libraries And Other Libraries Involved

South Carolina State Library, Department for the Blind and Physically Handicapped
Library of Congress, National Library Service for the Blind and Physically Handicapped
North Carolina State Library, Library for the Blind and Physically Handicapped
South Carolina Commission for the Blind
South Carolina Commissing on Aging
South Carolina Department of Vocational Rehabilitation
South Carolina Developmental Disabilities Council
South Carolina Governor's State Agency Volunteer Program
South Carolina State Department of Education, Office of Programs for the Handicapped
South Carolina public libraries
Various agencies, state and local, and other groups that work with the handicapped, as well as individual volunteers

V. Method Of Evaluation

1. This project will be monitored by the Director, Library Services for the Blind and Physically Handicapped, and consultants from Library of Congress, National Library Service for the Blind and Physically Handicapped. This project provides for the operation of a regional library for the blind and physically handicapped.

   To evaluate the effectiveness of this service the library will use two tools:

   Revised Standards and Guidelines of Service for the Library of Congress Network of Libraries for the Blind and Physically Handicapped. American Library Association, 1984. As time and funds permit, the library will attempt to meet the standards it does not meet.

   Guidelines for Regional Libraries. Library of Congress, National Library Service for the Blind and Physically Handicapped, 1977, as supplemented by Network Bulletins.

2. To judge effectiveness of publicity programs, the following will be used:

   a. Number of new readers registered.

   b. Response from radio and newspaper coverage, such as inquiries about service and requests for applications.

   c. Requests for speaking engagements.

3. The quality of the service will be periodically evaluated by the Library of Congress, National Library Service for the Blind and Physically Handicapped using consultant visits, equipment audits, and other evaluative tools devised by the Library of Congress.

4. The collection will be constantly evaluated to provide materials suitable for South Carolina readers. To do this will involve:

   a. Selecting sufficient copies of Library of Congress produced books in areas that have proven to be popular, such as religion.

   b. Weeding collections on a continuous basis to make room for more popular items.

c. Requesting searches from Library of Congress, National Library Service for the Blind and Physically Handicapped for location of titles possibly produced by other regional libraries that are requested by readers or that are needed to balance collection.

d. Recording of local materials.

e. Purchasing commercial material that would add balance to the collection.

5. To receive input from readers as to quality of service, the quarterly newsletter will be used to seek responses on what the readers want from their library. The Advisory Council will be polled for suggestions also.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to promote the establishment and development of institutional library service capable of supporting treatment, education, and rehabilitation programs in State health and correctional institutions.

South Carolina State Library
Fiscal Year 1990
Title I, Project V.
Institutional Library Services

I. Objectives

The objectives of the Institutional Library Services Project are:

A. To establish and administer effective state standards governing personnel, materials, equipment, space, and physical facilities for institutional library service.

B. To stimulate recognition of library service as an integral part of education and rehabilitation by state institution administrators and personnel and to elicit institutional financial support for library service.

C. To provide technical professional advice and assistance on a continuing, consistent basis.

D. To recruit and train qualified personnel and to provide continuing education programs geared to the needs of library administrators and staff.

E. To develop collections adequate in size, scope, and appropriateness to meet the needs of patients and residents.

1. To provide incentive grants for improvement of collections to institutions meeting minimum requirements.

2. To provide service programs, planned to meet specific needs to institutions too small to maintain a full program of library service.

F. To provide reference services and supplementary resources for professional personnel in health and rehabilitation institutions.

G. To support programs to combat the problem of illiteracy.

H. To support programs of bibliotherapy for emotionally and educationally handicapped individuals.

II. Relationship To Long-Range Program

The Institutional Library Services Project supports Objective 1 of Goal III:

> "To promote the establishment and development of institutional library service capable of supporting treatment, education, and rehabilitation programs in state health and correctional institutions."

South Carolina State Library
Fiscal Year 1990
Title I, Project V.
Institutional Library Services

III. Activities To Be Used To Meet Objectives And Needs

This project enables the State Library to support the work of the Institutional Library Consultant who will:

A. Plan, develop, and supervise programs for state institutional libraries. The institutional consultant will conduct an evaluation of the institutional program. The institutional consultant will visit each of the institutions, with the exception of small Department of Corrections units, at least six times per year for a total of 70 field trips. He will meet with institutional administrative staff members as needed.

B. Monitor LSCA grant program. Grants for materials are provided to institutions on the basis of population, need, and institutional support.

C. Continue to provide technical assistance in the development of state standards for institutional library service.

D. Continue to provide guidance in the development of bibliotherapy projects.

E. Continue to provide guidance in the development of programs in the area of literacy.

F. Identify or implement continuing education opportunities appropriate for institutional library staff. State Library will host regularly scheduled meetings of institutional librarians and/or administrators (at least three yer year).

G. Encourage institutions to increase local funds for materials by 10%.

H. Encourage institutional librarians to increase use of State Library's interlibrary loan and film service by 5% each.

NOTE: Institutions that do not qualify for the grant program or choose not to particpate are still eligible for other services from the State Library.

IV. Key Libraries And Other Libraries Involved

A. The South Carolina State Library

B. Hospitals

1. Crafts-Farrow State Hospital (mental health)
2. South Carolina State Hospital, Horger Library (mental health)
3. Bryan Psychiatric Hospital (mental health)
4. Morris Village (addiction center)
5. Patrick B. Harris Psychiatric Hospital (mental health)

C. Correctional Institutions

South Carolina Department of Corrections

The Library Services Division, South Carolina Department of Corrections supports library programs in all 21 units of the Department. Twelve units provide full service libraries, while others have a core collection supplemented by two bookmobiles. Pre-release centers are not included in above.

South Carolina Division of Youth Services

1. Willow Lane School (middle school, co-educational)
2. Birchwood School (high school, co-educational)
3. Reception and Evaluation Center

D. Other Institutions

1. Coastal Center (mental retardation)
2. Midlands Center (mental retardation)
3. Pee Dee Regional Center (mental retardation)
4. Whitten Center (mental retardation)
5. South Carolina School for the Deaf and Blind
6. John de la Howe School (juvenile care)

E. Institutions Without Libraries

1. Beckman Vocational Rehabilitation Center (handicapped)
2. Holmesview Center (alcoholism)
3. Palmetto Center (alcoholism)
4. Tucker Center (geriatric mental health)

V. Method Of Evaluation

The following criteria will be used to measure the effectiveness of all institutional library programs.

1. The collection meets the needs of residents of the institution as outlined in revised materials selection policies.

2. Selection of materials is from appropriate sources.

3. The collection is under continuous inspection for suitability, usefulness, attractiveness to resident clientele and/or staff.

4. Library services are available to all residents on a reasonably regular schedule. This would include evening and weekend hours to accommodate those unable to visit the library during regular hours. This includes the scheduling and production of programs utilizing library materials for those residents who for whatever incapacity cannot use such materials independently or within the library of the institution.

5. Staff rendering library services shall have qualifications appropriate to their responsibilities and duties.

6. Continuing evidence of institution support of library services within the institution, especially materials budgets.

7. The development and use of bibliotherapy and other therapy programs, when appropriate.

Monitoring and Evaluation will include the following:

1. Annual narrative and statistical reports will be submitted by librarians.

2. Orders for materials and invoices for materials received are reviewed by the Institutional Consultant.

3. Periodic (regularly scheduled) visits by Institutional Library Consultant to institution libraries shall include:

   a. General observations of operations and activities.

   b. Inspection of collections.

   c. Conferences with library staff, administrator responsible for the library within the institution, other institution staff members.

   d. Instruction and/or demonstration of recommended practices and procedures.

4. Monitoring financial and other support given to the library by the institution will be made by the State Library.

South Carolina State Library
Fiscal Year 1990
Title II, Project I.
Public Library Construction

I. Objectives

The purpose of this project is to provide public library facilities adequate in space, design, and access to meet the needs of the community. To this end the project will insure wise and economical use of federal and local funds in the construction of library facilities; will assure that new facilities provide the maximum in function, efficiency and economy of maintenance; and will make construction funds available to the greatest number of communities for the wisest and best development of library facilities to reach the greatest number of people. Construction projects eligible for Title II grants are:

1. Construction of a new county or regional headquarters building or the enlarging of existing county or regional headquarters buildings.

2. Construction or enlargement of branch library buildings serving a population area of 20,000 or more in county or regional systems. (The plan of construction and the location of the branch must be based upon a carefully developed plan for the location and development of branches to serve the entire area of the system.)

3. Construction or enlargement of branch library buildings serving a population area of 5,000 - 20,000 in county or regional systems. (The plan of construction and the location of the branch must be based upon a carefully developed plan for the location and development of branches to serve the entire area of the system.)

4. Renovation of an existing county or regional headquarters building or branch library building to make it accessible to the physically handicapped as required in American Standard Specifications for Making Buildings and Facilities Accessible to, and Usable by, the Physically Handicapped.

5. Renovation of an existing county or regional headquarters building or branch library building for energy conservation.

6. Renovation of an existing county or regigonal headquarters building or branch library building to accommodate new technologies.

II. Relationship To Long-Range Program

The project supports Objective 4 of Goal II of the Long-Range Program:

> "To encourage provision of public library facilities adequate in space, design, and access to meet the needs of the community."

III. Activities To Be Used To Meet Objectives And Needs

The allocation of funds for construction projects will be as follows:

Branch libraries (permanent or temporary) serving populations of 5,000 - 20,000 in systems meeting requirements for state and federal grants, $75,000 or 50 percent of the cost of the total project, whichever is the smaller.

Branch libraries (permanent or temporary) serving populations over 20,000 in systems meeting requirements for state and federal grants, $100,000 or 50 percent of the cost of the total project, whichever is the smaller.

The headquarters of county and regional systems meeting all requirements for state and federal grants and serving under 50,000, $150,000 or 50 percent of the total cost of the construction project, whichever is the smaller.

The headquarters of county and regional systems serving 50,000 to 100,000 and meeting state and federal requirements for grants, $200,000 or 50 percent of the total cost of the project, whichever is the smaller.

The headquarters of county and regional systems serving over 100,000 and meeting state and federal requirements for grants, $250,000 or 50 percent of the total cost of the project, whichever is the smaller.

Renovation of headquarters or branch library buildings for accessibility for the handicapped, energy conservation, or to accommodate new technologies.

The amount of each grant will be determined individually on the basis of the nature and extent of the renovation required and on the other funding available. In no case shall a grant exceed 50 percent of the cost of renovations specifically required to assure access and usability for the handicapped, energy efficiency, or to accommodate new technologies.

For the purposes of this project county library headquarters buildings in regional systems will be treated as headqurters only if regional headquarters is in such county. All other headquarters will be considered branches.

The State Library will not use Title II funds for its administration of this project. All funds will be available for grants.

In the event the number of approvable construction projects received is not sufficient to utilize all available funds, the State Library reserves the right to allocate additional funds within the limits of the federal/state matching ratio.

Construction must begin within six months of the approval of Part I of the Title II application or risk forfeiture of grant.

V. Method Of Evaluation

The State Library will evaluate each application to determine eligibility. Once a grant is approved the State Library will provide technical assistance and review before construction begins. During construction the State Library will work with the libraries to ensure that contractor(s) meet schedules, follow applicable regulations, and construct the building in accordance with specifications approved by the State Library. Periodic site visits will be made to verify the above. After the building is completed the State Library will make a final insepction of the building. An audit of the owner's accounts and records of both local and federal funds will be made as soon as practicable after construction has been completed. This audit is to assure that federal funds expended on the project are equal to the applicable federal share of the actual allowable costs incurred by the library in constructing and equipping the project as approved and in accordance with applicable laws, regulations, and policies established for the program.

Overall the project will be evaluated on the number of new library buildings constructed in areas which previously had no public library facility or which had an inadequate facility. Areas without library facilities necessary to develop services or facilities which are inadequate to provide services are those areas which do not have a facility to meet standards appropriate to their size on the basis of population served. Standards to be used in the evaluataion of adequacy of the library facility will be Pamphlet No. 11, "Small Libraries Publication," Planning the Small Public Library Building (Library Administration and Management Division, American Library Association, 1985) and in Wheeler and Goldhor's Practical Administration of Public Libraries, by Joseph L. Wheeler and Herbert Goldhor, revised by Carlton Rochell, (Harper, 1981), p. 464.

6. GIVE A SHORT DESCRIPTION OF THE PROJECT AND HOW THE PROJECT RELATES TO THE LONG-RANGE PROGRAM. (SECS. 103(6) OR 303(c))

The purpose of this project is to encourage and develop resource sharing by all libraries through participation in the South Carolina Library Network and other cooperative activities.

South Carolina State Library
Fiscal Year 1990
Title III, Project I.
South Carolina Library Network

I. Objectives

The objectives of the Interlibrary Network Project are:

A. To provide better service to South Carolinians by improving access to library resources of the state, region, and nation.

B. To facilitate the sharing of South Carolina library resources by means of a rapid communication system for the location of information and materials.

C. To plan, develop, and service a statewide bibliographic network, utilizing computer and telecommunications technology, capable of delivering products and services to all types of libraries in South Carolina.

D. To raise the level of reference and interlibrary loan service through in-service training for public service personnel in South Carolina libraries.

E. To strengthen the services of the State Library so that it may adequately serve as a resource for all libraries in the state.

F. To provide access to the Educational Resources Information Center (ERIC) document collection, DIALOG, BRS, and other data bases.

G. To encourge cooperation among public, academic, institutional, school, special and other libraries of South Carolina.

II. Relationship To Long-Range Program

The project supports Goal IV of the Long-Range Program:

> "To encourage and develop resource sharing by all libraries through participation in the South Carolina Library Network and other cooperative activities."

III. Activities To Be Used To Meet Objectives And Needs

The State Library operates the South Carolina Library Network. The central component is the State Library's integrated on-line system, which currently includes public access catalog, circulation, electronic bulletin board, audiovisual booking, and interlibrary loan. This system provides local libraries access to State Library materials. The system is capable of linking other bibliographic and databases in the state. The State Library needs to acquire a new computer with expanded memory and disk storage in order to accomodate future growth and additional functions. The purchase of a new computer is proposed for FY 90.

South Carolina State Library
Fiscal Year 1990
Title III, Project I.
South Carolina Library Network

Activities listed below may change significantly, change very little, be replaced, or remain unchanged as the network develops. It is not possible at this point to describe the nature of these changes. Therefore this project is being written to describe current methodology for these five activities.

A. Communications - to promote cooperation and to facilitate inter-library loans

1. All public libraries, most academic and technical college libraries, several institutional, special, and school libraries have access to the South Carolina Library Network. In FY 90 access will be extended to additional libraries which have not had access due to lack of equipment.

2. An electronic bulletin board service (EBBS) will continue as a regular feature of the South Carolina Library Network. The purpose of EBBS is to increase communication among the South Carolina library community. Eventually EBBS may be expanded to a full-scale electronic mail service.

3. News for South Carolina Libraries, a monthly newsletter, is published to foster communication among all public, college, university, institutional, school, and special libraries within the state. A monthly listing of recent acquisitions of the State Library, New Resources will be published to encourage use of the materials listed.

4. The State Library will promote the South Carolina Library Network, as well as use of libraries in general, which should lead to increased usage of the SCLN. Up to six events will be held in public libraries to demonstrate to local community leaders the various types of information available from the public library and from the State Library via the SCLN. A major display unit has been developed to use at conferences and other appropriate times. It will continue to be used to promote the South Carolina Library Network.

B. Bibliographic Access - to identify and locate library resources

1. South Carolina Library Network - The State Library's holdings are available by means of an on-line catalog. Libraries now have full searching capabilities by author, title, or subject. Requests for materials can be placed using the electronic mail component of the system. In FY 90, the addition of other components of the network such as acquisitions, serials union listing, and federal documents control will be investigated.

2. SOLINET (Southeastern Library Network) - On-line bibliographic information and location capabilities supplement the South Carolina Interlibrary Loan Network, functioning as an interim union catalog of major South Carolina library collections and providing access to materials anywhere in the SOLINET-OCLC network. To encourage SOLINET membership, the State Library makes grants to cover start-up costs. To expedite building of the state data base, grants are made to major libraries to accelerate ongoing RECON (retrospective conversion) projects. Grants may also be made to tape-load records of non-OCLC members onto the OCLC database. The State Library will continue to operate the South Carolina Library Database as a component of the South Carolina Library Network based on the OCLC Group Access Capability (GAC) which was established in FY 89 with 47 members. Thus, a total of 101 South Carolina libraries are now participants in the South Carolina Library Database, This project will be expanded with additional selected users. The State Library will continue to explore the Southeastern GAC sponsored by SOLINET.

3. Small Libraries Project - In order to enable small libraries to benefit from automation the State Library will provide funding to assist in conversion of bibliographic records to machine readable format. The data bases created will be available for inclusion in the South Carolina Library Network. They will also make possible the automation of local processes. In cases of public libraries Title I and Title III grants may be combined to enlarge the scope of projects.

4. Machine assisted reference service - the State Library will supplement its reference service by the use of on-line computerized bibliographic services through DIALOG, BRS, Wilsonline, Infotrac, VU/TEXT, and possibly other data bases. CD-ROM information sources will also be acquired, as appropriate.

C. Interlibrary Loan - to supplement and coordinate library resources

1. State Library staff gives direct interlibrary loan service to all libraries. In FY 90 the State Library will attempt to increase interlibrary loan to all libraries by 5%.

2. The State Library is the communications center through which loans among different types of libraries are transmitted. In addition to interlibrary loan from its collection the State Library provides location services for all types of libraries in South Carolina.

3. The project enables the State Library to employ one Reference Librarian and a Library Technical Assistant to work in the Interlibrary Loan Department.

4. Network plans call for a statewide union list of serials. In FY 90 the Charleston component was completed. This includes the holdings of the Charleston County Library, the College of Charleston, Citadel, Baptist College of Charleston, Trident TEC, and the Medical University of South Carolina. The South Carolina Union List of Serials issued in FY 89 now contains those records as well as those from the Columbia area (State Library, Richland County Public Library, Columbia College, USC School of Medicine, USC Thomas Cooper Library (Science Library), and the Department of Health and Environmental Control). This database is maintained by the USC School of Medicine Library. This project will continue in FY 90 and possibly will expand to include other periodical listings. The FY 88 serials study committee report recommended that the South Carolina Library Network plan to provide on-line linkings to the serial holdings of Clemson and the University of South Carolina. Clemson is presently barcoding detailed holdings information into its database; USC is planning to bring up its database in FY 90.

   It is envisioned that the statewide union list of serials may require a menu approach to these separate databases rather than one single union list. The SCLN will provide the means for accessing the serials collections of the state. The State Library plans to test on-line dial access into the State Library's serials database to selected users.

5. Government Documents - A State Documents Depository Act, passed in 1982, allows the State Library to gain bibliographic control over state publications. Regional depositories (10) allow for local access. The Documents Librarian will visit document depository sites in FY 90. A workshop for ducuments depository librarians will also be conducted in FY 90.

6. Delivery of services - The State Library will continue to investigate the alternatives for the physical delivery of information. The State Library awarded eleven (11) grants in FY 89 to purchase telefacsimile equipment to libraries with major serials holdings to expedite the delivery of periodical requests. The telefacsimile project will continue in FY 90. Assitional grants may be made. possibilities to be considered.

D. Continuing Education - to increase awareness of the benefits of cooperation; to demonstrate new developments in library technology, including automation, networking, and information retrieval; and to raise the level of reference and interlibrary loan service throughout

the state. The State Library has created a position of Coordinator of Network Services. Intensive efforts will be made to increase the use of the South Carolina Library Network by regional workshops and field work. Training will be on-going to train new staff and to review system capabilities with existing staff. State Library staff will also assist libraries develop better understanding of how to use local resources better. The Documents Librarian will also visit documents depository sites.

E. Study and Planning - to encourage cooperative planning among all types of South Carolina libraries

1. Investigation - The State Library will continue conferences and planning meetings to allow South Carolina librarians to discuss and investigate potential means of cooperation including resource sharing, preservation of library materials, networking, and technological applications. If necessary, study trips may be made to observe successful multitype library cooperation in other states and to determine the possibility of replication in South Carolina.

2. Consultation - When a need is indicated, the State Library will engage consultants to study the feasibility of various cooperative activities and to advise on the development of a coordinated plan of action. The State Library will continue to provide consulting services to libraries using the services of SOLINET.

3. Demonstration - Where investigation and consultation indicate that a given activity or technology can substantially improve communications, streamline library procedures, facilitate delivery of service, or otherwise contribute to resource sharing and interlibrary cooperation the State Library may offer a demonstration grant to aid in establishing a cooperative project that crosses type of library lines. The objective would be to find the ways to fill the information and library needs in the state, to show clearly how each party benefits from cooperation, and to show ways of maximizing the expenditure of state and federal funds.

IV. Key Libraries And Other Libraries Involved

The South Carolina State Library and all libraries of South Carolina.

V. Method Of Evaluation

The total project will be supervised by the Deputy Director for Library Services, with participation of the Director and Deputy Director

for Library Development in all planning activities. Many of the results of the project are "intangibles" - leading to improved communication and cooperation between all types of libraries. Specific accomplishments will be measured in terms of the number of libraries involved in planning and activities, the consensus reached concerning immediate and long-range goals, and the development of demonstration projects for prototype activities.

The interlibrary loan phase of the project will be continuously monitored by the Director of Reader Services, who supervises the filling of all reference and title requests, and by designated members of the State Library staff. Interlibrary loan statistics will provide a major source for evaluation of this service. Success of the service will be meausred in terms of:

(1) the number of interlibrary loan transactions

(2) the percentage of requests filled

(3) the time required for filling patron requests

(4) critique by librarians and patrons
